**Baltimore Blurb**

Thanks for all of your prayers while we were in Baltimore. We needed them. Satan did not

want us doing what God wanted us to do. We fought with our transportation the whole time, but in the end God got the glory. Five people came to Christ directly from our time in Baltimore. I'm thankful for all who went with us and I hope a new fire for evangelism will be evident.

### **Welcome to the Wave 2.0**

It has been many years since Oceanside first developed The Wave Newsletter and things have changed. First off we wanted to offer something compact because it's less expensive to mail and takes up less room on your refrigerator. Second we just like keeping things interesting here at Oceanside. I hope you enjoy the new design.

The new design comes at a pivotal point in Oceanside's 7 year history and is maybe a little indicative of the times. In case you didn't know Oceanside is now leasing a property off of Rifle Range Rd. in Mt. Pleasant.

In our current Bowman Rd. facility we have just ran completely out of room. This new facility is more of everything... well will be. And this is where you come in.

Oceanside is going to need you to help build a new facility. We'll need your prayers and your financial contributions. We're not asking you to give to a building. We're asking you to give to more people coming to Christ and more effective ways to minister. Face it, we can't do it without you. And it's **Time to Build**

### **Finish What You Started**

The day was long and the race went well, but it was worth it. I was watching my favorite racecar driver, Dale Jarrett, dominate the day. He won the pole and was fast on race day... always a good combination. A one million dollars bonus awaited him if He won. As always, Darlington had been

rough on several drivers with many yellow flags. Once again the yellow came out, "DJ" pitted first and came out in the lead. Driving hard into turn 2, he slipped in an oil slick, and slammed into the wall. In a matter of moments, the top driver of the day went from domination to languishing in the back of the pack. Hearts once ecstatic were now broken. There was no chance of a win today. The lesson? It doesn't matter how you start, it matters how you finish. My prayer is that we finish well.

Oceanside has been through a lot. We have worked together, laughed together, hurt and cried together and have always come out of it all with our heads up and moving forward for God's kingdom. We are now entering a new phase of our ministry as we find a permanent spot in Mount Pleasant and build. God is now asking us to finish well, "Get on with the job and finish it! You've been listening long enough." At the end there is so much God wants to do for us, that's where we get "the blessings that await you when it's finished." (Zechariah 8:9, TLB) Are you ready to be blessed more than you ever imagined? Let's get started on our building and finish together well!
